Absent: NA

Public attendance: Craig Simpson

1. Minutes of June 2015 mtg. Postponed to next mtg
2. Review of Application to NH DES regarding property owned by Simpson at Map 19, Lot 14.
Craig Simpson presented the application which involves filling an area of his land that has been eroded by the Ammonoosuc River and upgrades/improvements to a drainage discharge that flows under the railroad tracks and onto the subject property. The plans have been prepared with input from NH DES, Ct Watershed Council, NH Fish and Game, Grafton County Ext Service. Funding for the project comes from USDA with matching contribution from the land owner, which will consist of supplying the 6000 CY of fill which will come from other land he owns on the other side of Rte. 302.
Restoration of this eroded area will allow him to regain pasture/ hay field area. Plans to plant trees/ shrubs along the river bank will be undertaken next year together with the landowner to the south.
Motion to approve the application and waive the right to intervene. RC/PA.
All in favor.
3. Next meeting Thurs Sept 17th, 2015 at 5:00 pm.
4. Meeting adjourned at 5: 30 pm
