

Conservation Commission

Nature for the Future

October 27, 2020

Mr. Greg Sevinsky
25 Croft Lane
Chester, New Hampshire 03036

Dear Mr. Sevinsky:

It was brought to the Conservation Commission's attention that you devoted your summer removing much of the trash that was blighting Perch Pond. What a great gift you have given to that beautiful natural resource and what an example you set for others to take similar action!

On behalf of the Conservation Commission, I would like to offer you commendation and great thanks for taking the initiative.

It is citizens like you that make Lisbon a better place.

Sincerely,

A handwritten signature in black ink that reads "Katrine N. Barclay".

Katrine N. Barclay
Conservation Commission Chairperson
